

GENUINE LAMINA

SEE OTHER PDF FOR SIZING

Genuine Lamina bushings are made in the USA and IPSCO laser engraves them for easier identification and reorder. Custom engraving for your part numbers also available.

Genuine Lamina LBB bushings work well with any form of Lubricant but we have had much success using PPE's OLD BULL® brand of synthetics found at www.ppe.com.

Quality, Performance, Trusted - the Genuine Lamina LBB mold bushing. It's not a "wannabe" or a "me too," neither is it an imposter. It is the standard bearer for the American Mold Industry for over 40 years.

Bronze Core

Copper Flashed Shell

Performance Oil Grooves

Precision Ground O.D.

Available In Metric

ABOUT

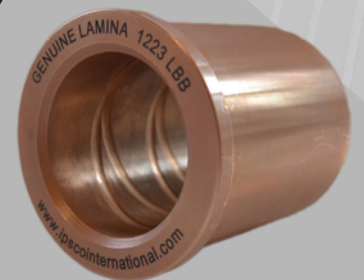

HIGH VALUE NO HASSLES

Tired of bushings scoring and seizing or worst yet out of spec or out of round. If your tired of spending money every time your mold comes in for maintenance then we've got something you should try.

Copper flashed free machining shell with a bronze bearing core. Manufactured here in the America for over 40 years. Quality built yesterday, today and tomorrow. Easy procurement. Fast delivery and No hassles the Genuine Lamina LBB bushing.

The common law of business balance prohibits paying a little and getting a lot... it can't be done. If you deal with the lowest bidder, it's well to add something for the risk you run. And if you do that, you will have enough to pay for something better.

STOP SPENDING GOOD MONEY ON BAD BUSHINGS.
